SUBJECT: KUWAIT COUNTRY CLEARANCE GRANTED FOR ENERGY
SECRETARY BODMAN AND DELEGATION, JULY 17-18

SIPDIS

REF: SECSTATE 116010

¶1. Embassy Kuwait welcomes and hereby grants country clearance for Energy Secretary Bodman and his delegation to travel to post o/a July 17-18, 2006, and grants country clearance for DOE advance team to travel post o/a July 14, 2006.

¶2. A hotel reservation has been made for the advance team for July 14-19, and eight-person delegation for July 17, 2006 at the Crowne Plaza Kuwait at a rate of approximately USD 214 plus 15 percent tax (single room/breakfast included). The per diem rate for Kuwait is USD 260 plus M&IE of USD 96 for a total of USD 356. The Crowne Plaza Kuwait telephone number is (965) 474-2000; fax number (965) 474-2460. Embassy driver/expediter will meet and assist delegation upon arrival. All transport, accommodations, cellphones, arrival and departure assistance and meeting requests have been arranged.

¶3. Embassy point of contact is:
Steven Conlon, Economic Officer
Office - 965/259-1249
Cell - 965/942-3897
Home - 965/262-1937
Fax - 965/259-1051
Unclass E-Mail: ConlonSM@state.gov

¶4. Following is post's standard guidance for visitors to Kuwait: Kuwait now issues single-entry visas to American citizens on arrival, upon presentation of a passport. There is a processing fee of 2 KD for each visa issued. The fee may be paid either in KD or USD (approximately 7 USD). Post strongly advises travelers to carry some documentation on the purpose of their visit. Passengers arriving on other than commercial flights should anticipate extra delays, because immigration services are not available on the military side of the airfield and passports have to be carried to a different site at the airport for processing. Airport visas are valid for 90 days after arrival; anyone staying beyond this period must obtain an extension, which should be requested 2 weeks prior to expiration. Anyone departing Kuwait who has overstayed the visa will be charged a fine of KD 10 (US\$33.50) per day at the airport. All travelers planning to visit Iraq should make sure that they obtain

exit/entry stamps for each transit through Kuwait, and be aware that they will need to obtain a new Kuwaiti visa upon return, even after a daytrip to Baghdad. Failure to do so can result in heavy fines. If possible, travelers should try to obtain a multiple-entry visa before arriving in Kuwait.

15. Visitors are reminded that the importation of alcohol, pork products, personal firearms, and any suggestive or pornographic materials (videotapes, magazines, or books) is strictly prohibited by Kuwaiti law. Kuwait is still clearing mines and munitions. Visitors must remain on major paved roads when traveling in Kuwait. Travel North of Jahra toward the Iraqi-Kuwaiti border is not authorized without approval from the Embassy and an appropriate escort.

16. Threat Assessment: Kuwait is a high-threat post and the military threat is currently Charlie. We have increased security precautions at official U.S. installations in Kuwait and recommend that all Americans in Kuwait remain alert to their surroundings and review their personal security practices.

17. Fiscal Data: Thank you for the fiscal data (Reftel). Each agency, organization, delegation or visiting individual will be charged for all costs attributed to their visit. These costs include, but not limited to: LES and American staff overtime, vehicle and equipment rental, office and medical supplies, telephone calls, expeditor services, airport transportation and other mileage driven, and representational events. If fiscal data on visitor's travel authorization is to be used for this purpose, it must be clearly spelled out and sufficient funding must be provided.

18. Health Unit: All TDY or PCS personnel that would like to be vaccinated against smallpox should get the vaccine in M/MED in Washington before coming to post. The smallpox vaccine for pre-exposure vaccination is not available at post. There are prepositioned doses of smallpox vaccine at post to be used only if an actual exposure occurs. The smallpox vaccine is being offered to personnel that are

coming to work at Embassy Kuwait as a strictly voluntary protection in case of a possible biological attack.

19. Health Advisory for Kuwait: April through October is the hot season in Kuwait. Temperatures reach 120-140F in summer. Caution should be taken to prevent dehydration and heat exhaustion by 1) drinking plenty of fluids and 2) staying indoors, especially during peak temperature hours of 12:00-15:00. Low humidity coupled with high temperatures creates excessive moisture loss from evaporation. It is necessary to drink 2-4 quarts of water daily to prevent dehydration.

110. Thank you for the clearance information provided (Reftel).

111. Computer and Electronics usage: Sensitive military information has been located recently on business center computers at local hotels in Kuwait City. All U.S. Government personnel and contractors must remember that it is their responsibility to observe good computer and information security practices. Information processed on computers in hotel business centers, through email correspondence or document creation, is highly exploitable. Public computers located in hotel business centers, Internet cafes, airport lounges, etc., should never be used to process, store or disseminate sensitive information. Compromise of sensitive government or military information can result in serious damage to national security. Compromises of sensitive personal data can result in significant personal and financial hardship. Random checks are conducted by Embassy personnel on public PC's. Breaches on COMPUSEC will result in the violator receiving security infractions and/or security violations. Inter-agency security standards prohibit the introduction or use of non-USG owned computer hardware and software at all USG diplomatic facilities. Cell phones, palm pilots, radios and other convenience electronics are prohibited in all secure areas of the Mission.

¶12. Embassy Kuwait's normal workweek is Saturday through Wednesday. Office hours are 8:00 a.m. to 4:30 p.m. switchboard number is (965)259-1001, IVG: 495-0000. The after hours number, which rings at Marine Guard Post One, is (965) 538-2098.

¶13. The time difference with the East Coast of the United States is EDT plus 7 hours.
